The Lodge at Englefield Bay

Join us at a brand new fishing spot nestled between the mountains and the fish-rich coastal waters.

UNTOUCHED TRANQUILITY

Tucked away at the foot of a breathtaking mountain scape where the water is still as glass, Englefield Bay is known for its abundance of migrating salmon. Its quiet and intimate atmosphere makes it the perfect place to get up-close-and-personal with clients or loved ones. Great fishing spots on the inner and outer coasts.

Begin at dawn and fish until dusk, if your arms can take it. Or sleep in and head out after the sun is high. The fish will still be out there, feeding on vast schools of herring and other baitfish. Want to catch a variety of fish? How about giant halibut, ling cod, rockfish and an array of colorful bottom fish?

After a long day on the water, soak in the lodge's hot tub to ease your fishing aches. Indulge in a great gourmet dinner served with local wines, then retire to the games room or bar and tell your own fish stories before turning in and doing it all over again the next day.
